

Student Name: HUANG, Benedicte
 Date of Birth: 01/05/1989
 Parent/Guardian: Mr & Mrs HUANG

Current Grade: 13
 Entered: 17/08/1992
 Graduation Date:

Grades	Course Title	1st Sem.Grade	Effort	2nd Sem.Grade	Effort
Year 12 10 AUG 05 14 JUN 06	Yr. 12 - English (A1 Higher)	4	N		
	Yr. 12 - Spanish (B Higher)	6	N		
	Yr. 12 - Economics (Standard)	4	S		
	Yr. 12 - Design Technology (Higher)	4	N		
	Yr. 12 - Maths Standard Level	5	G		
	Yr. 12 - Theory of Knowledge	C	N		
	Yr. 12 - Art (Standard)	6	G	5	S
	Yr. 12 - Health & Physical Education			E	

Grade Scheme & Equivalencies Using the IB 1 - 7 Scale:

The NIST Graduation Diploma is awarded to students who have successfully completed their final two years of Upper Secondary School at NIST. Criteria for graduation are academic and extra-curricular in keeping with NIST's philosophy of holistic development. NIST having received ECIS/NEASC accreditation, the Graduation Diploma is valid as a High School Diploma.

IB	NIST	US Equivalency	Effort
7 Excellent	7 Excellent	-	E = Excellent
6 Very Good	6 Very Good	A+	
5 Good	5 Good	A,A-	G = Good
4 Satisfactory	4 Satisfactory	B+,B,B-	S = Satisfactory
3 Mediocre		C+,C	N = Needs Improvement
2 Poor		C-,D+,D	U = Unsatisfactory
1 Very poor		D-	
N No Grade Awarded		E	

NOTE: Equivalency with the US Grade system follows recommendations made by the IBO, based upon suggestions made by the Franco-American Commission, Paris, and the collective wisdom of a number of colleagues and schools with good experience of the systems. It is acknowledged that grading standards vary, and that admissions officers in their institutions may have their own equivalencies. The NIST system of assessment is based firmly upon established IB criteria. NIST does not award GPA's or rankings in each year group. However, for university application we are able to provide decile rankings to students according to their cumulative IB performance in ?????????????? IB grades.
